COPYRIGHT AND RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials. The various state privacy acts govern the use of materials that document private individuals, groups, and corporations.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a reproduction if the document does not infringe the privacy rights of an individual, group, or corporation. These specified conditions of authorized use include:

- non-commercial and non-profit study, scholarship, or research, or teaching
- criticism, commentary, or news reporting
- as a NPS preservation or security copy
- as a research copy for deposit in another institution

If a user later uses a copy or reproduction for purposes in excess of "fair use," the user may be personally liable for copyright, privacy, or publicity infringement. This institution's permission to obtain a photographic, xerographic, digital, or other copy of a document doesn't indicate permission to publish, exhibit, perform, reproduce, sell, distribute, or prepare derivative works from this document without first obtaining permission from the copyright holder and from any private individual, group, or corporation shown or otherwise recorded.

Permission to publish, exhibit, perform, reproduce, prepare derivative works from, sell, or otherwise distribute the item must be obtained by the user separately in writing from the holder of the original copyright(or if the creator is dead from his/her heirs) as well as from any individual(s), groups, or corporations whose name, image, recorded words, or private information (e.g., employment information) may be reproduced in the source material. The holder of the original copyright isn't necessarily the National Park Service. The National Park Service is not legally liable for copyright, privacy, or publicity infringement when materials are wrongfully used after being provided to researchers for "fair use."

This institution reserves the right to refuse to accept a copying order if fulfillment of the order is judged in violation of copyright or federal or state privacy or publicity law.

HISTORY

Independence National Historical Park (INDE) was authorized by an act of Congress on June 28, 1948, and was formally established on July 4, 1956, “preserving for the benefit of the American people as a national historical park certain historical structures and properties of outstanding and national significance...associated with the American Revolution and the founding and growth of the United States.” Located in the Society Hill, Old City, and Germantown neighborhoods of Philadelphia, Independence National Historical Park encompasses not only such famous sites and artifacts as Independence Hall, Congress Hall, and the Liberty Bell, but over twenty other structures, gardens, squares, and cemeteries. These include the reconstructed Graff house (site where Thomas Jefferson drafted the Declaration of Independence), Franklin Court (site of Benjamin Franklin’s house), Carpenters' Hall (meeting place of the First Continental Congress), and the Deshler-Morris House (where George Washington lived for brief periods in 1793 and 1794).

As stated in the NPS Cultural Resource Management Division’s Guideline (NPS-28), cultural resource management requires research, planning, and stewardship. The development and maintenance of INDE’s sites and objects has required extensive archeological and historical research and detailed planning. INDE’s cultural resource management records, which consist of park superintendent office files, document those processes, as well as the ongoing maintenance of the park. They also document research and archeology performed by park staff and contractors to illuminate park history, specific sites and museum collections, and the people associated with them. Thus the collection includes not only routine records, but special studies and reports on topics from authentic paint and carpets, and historic structures, to the portrait collection at the Second Bank of the United States.

Of particular note is the correspondence of INDE superintendent (1971-1991), Hobart G. Cawood, who presided over the preparations for, and celebrations of the 1976 American Revolution Bicentennial.

SCOPE AND CONTENT

INDEPENDENCE NATIONAL HISTORICAL PARK CULTURAL RESOURCE
MANAGEMENT RECORDS
1936-2003 AND UNDATED (bulk dates: 1960-1998)

CATALOG NUMBER INDE 77171

VOLUME [Extent]15.50 [Type of unit]LF

DESCRIPTION

Series I, Development and Maintenance and Series II, History and Archeology of the Cultural Resource Management Collection contain a wide variety of documents including extensive correspondence, both internal and external. There are also reports and research materials including photographs, drawings, and plans; assessments and surveys; contracts, including land acquisition; work orders; and clippings. NPS staff and contractors created these records as part of their day-to-day maintenance and preservation of the park's grounds and buildings. Of particular note are correspondence and clippings reflecting public opinion of park development, especially regarding the move of the Liberty Bell (extensive) and re-construction of the Graff House.

The records in these series provide detailed information on planning and implementing maintenance, construction, and re-construction of buildings and grounds including utilities and HVAC (with attendant contracts); access, traffic abatement and parking; archeology; biographies of people associated with various sites; events such as the 1976 Bicentennial of the American Revolution, including the visit of the Queen of England for the dedication of the Bicentennial Bell; openings and dedications; museum exhibits, acquisitions and loans; and information on artifacts including a 1975 Winterthur "Analysis of the Liberty Bell analytical Laboratory Report #379."

It should be noted that several subseries have folders

marked "Area F" and "Area B." These designations are from the March 4, 1988 National Register of Historic Places Nomination form for INDE, and refer to specific land parcels within the Park. Area F contains the Welcome Park, the parking garage, City Tavern, and Bond House and is part of the Old City Historic District. Area B contains restored eighteenth century townhouses and Locust Street, the Magnolia Garden, and the Rose Garden.

ORGANIZATION

[Organization]The collection is organized into two series: Series I, Development and Maintenance and Series II, History and Archeology. [Arrangement]The collection is arranged by National Park Service File Codes as codified in NPS-19. It uses the code titles found in this document as subseries titles. Due to some inconsistencies in coding, similar documents of interest may be found in Subseries D18, D62 and H30.

H. SUBSERIES H: HISTORIC PRESERVATION PROGRAM OVERVIEW FILES (H42), 1977-1995

SERIES DESCRIPTIONS

I. SERIES I: DEVELOPMENT AND MAINTENANCE, 1951-2000

The series is organized into ten subseries (A-J).

The subseries are arranged by file code. Within each subseries general correspondence is filed first, followed by any other administrative information, with alphabetically arranged site unit files coming last.

This series documents the planning, development, and management of the cultural assets acquired by the NPS for the creation of Independence National Historical Park. It covers the period 1951 – 2000, with the majority of the material coming from the 1970s. Areas of interest include details of the Park's construction projects, documentation of the various signs used in the Park, and correspondence related to various exhibits. This series also includes several oversize items, mostly building and construction plans, which have been filed separately. Their original locations are marked by separation sheets.

A. SUBSERIES A: PLANNING PROGRAM RECORDS (D18), 1951-2000

The bulk of this subseries consists of general administrative material (correspondence, memos, reports, etc.) related to the development of Independence National Historical Park, specifically large projects such as land acquisition, planning for the restoration of historic buildings, demolition of existing non-historic structures, and new facilities. Notable materials include correspondence related to vacating Gatzmer, Leithgow, Orianna, and Water Streets; and the Maintenance Rehabilitation Shop Land Exchange files contain several black and white photographs.

This subseries originally contained several site files; however, these have been relocated to Series II: Subseries F - Historic Sites and Structures Management and Preservation Files (H30) because the files in question are concerned with historic structures.

B. SUBSERIES B: PLANNING AND DESIGN PROJECT FILES (D20), 1962-1994

General Correspondence files are followed by alphabetized subject files. The original file code of each subject is noted on the folder.

This subseries consists of materials that were originally encoded D30 – Roads and Trails Files, D46 – Other Buildings Files, and D50 – Record of Service and Utilities. NPS-19 places these files under either D20 - Planning and Design Project Files, or D22 - Construction Programs Files. These materials were deemed more suitable for filing under the D20 coding due to their administrative nature.

The materials related to the proposed but never realized Fountain of Freedom/Constitution Memorial are of particular interest. These include correspondence and news clippings that document opposition to the project, as well as general administrative documents such as meeting minutes and internal memoranda.

C. SUBSERIES C: CONSTRUCTION PROGRAMS FILES (D22), 1960-1995

This subseries concerns construction programs, both for new buildings and existing sites. Materials of note include Form 10-238s (Development Study packages) that outline potential projects to be undertaken at INDE, Program Change/Innovation Proposals, and correspondence related to the Friends of Independence National Historical Park Museum Internship Program managed by the Museum Branch.

D. SUBSERIES D: MAINTENANCE PROGRAM RECORDS (D24), 1960-1999

This subseries documents park maintenance. Covered topics include faulty heating/cooling systems and the conservation of historical instruments. The bulk of the material consists of correspondence and memoranda.

E. SUBSERIES E: DEVELOPMENT AND MAINTENANCE REPORT (D26), 1966-1989

This subseries consists of the Annual and Monthly Reports of the Division of Museum Operations. The bulk of the material is the Monthly Reports. Running from 1978 to 1984, each monthly report contains activity summaries from the Chief of Museum Operations, the Museum and Assistant Curator, the Curator of Exhibits, the Associate Curator, the Museum Specialist, and the Museum Technician. Reports also note any accessions, transfers, and loans. In addition, one folder contains Situation Development and Maintenance Reports (includes Completion Reports), which are not from the DMO.

F. SUBSERIES F: GROUNDS (D32), 1954-1998

This subseries focuses on landscaping and gardens. In addition to general correspondence, there is information about the eighteenth-century style garden established by the Pennsylvania Horticultural Society, a long-term tenant at the Kidd House, and details about the Fairmount Park Art Association's International Sculpture Garden project.

G. SUBSERIES G: BUILDINGS FILES (D34), 1965-1989

These files contain information on the buildings in general, such as their physical condition, demolitions, and repairs. There is some overlap with the content of Subseries F: Grounds (D32).

Materials of note include a court briefing from August 1984 for the Friends of Independence National Historical Park et al. vs. the Redevelopment Authority of the City

of Philadelphia et al. contained in the General Correspondence files, and the 1987 Proposed Lighting Plan.

H. SUBSERIES H: CONTRACTS FILES (D52), 1971-1994

This subseries documents the contracts entered into for construction/landscaping work done at INDE. It includes completion reports for City Tavern, Graff House, and First and Second Banks; correspondence detailing the scope of the work; and notices of inadequate performance. One file is dedicated to the Saint Joseph's Church landscaping project.

I. SUBSERIES I: RECORDS OF MUSEUM ACTIVITIES AND EXHIBITS (D62), 1954-2000

This subseries documents the Museum Branch operations, re: museum collections management, historic furnishings, and exhibit installations. The bulk of the correspondence covers the acquisition of period-appropriate furnishings for sites such as Congress Hall and Graff House, as well as discussions about how to create an authentic atmosphere in City Tavern. Correspondence also covers many different exhibits that were created for the bicentennial celebrations and to highlight significant artifacts in the museum collections at INDE. Most heavily covered are the exhibits "Miracle at Philadelphia," and "The Promise of Permanency," which opened in 1987 as part of the Constitutional Bicentennial and have materials scattered throughout the general D6215 files. In addition, the exhibit "Comfortable, Durable & Cheap: Philadelphia Windsor Chairs" is covered in the General Correspondence from 1979.

The subseries is divided into three different sections – D62, which covers general topics such as organizing inventories, repairs to objects, and responses to invitations; D6215 - Planning, Preparation, Maintenance and Preservation of Museum Exhibits; and D6223 - Museum Acquisitions and Loans for Display.

J. SUBSERIES J: SIGNS, MARKERS, AND MEMORIAL FILES (D66), 1973-1992

This subseries consists of information about signage. It consists of general correspondence and memoranda covering topics such as parking signs, orientation materials, and the text to be used on historic markers.

II. SERIES II: HISTORY AND ARCHEOLOGY, 1936-2003

This series is organized into eight subseries (A-H).

The subseries are each arranged first by subject, then chronologically. General correspondence is filed first, followed by any other administrative information, with alphabetically arranged site unit files coming last.

This series contains information relating to the History and Archeology of Independence National Historical Park. The majority of the material covers the 1970s to early 1980s.

Topics covered by the records include the American Revolution and Constitutional Convention Daybooks; records documenting the protection and preservation of park museum collections; annual and monthly reports; and sites and structures management concerning different locations in the park, including correspondence for and against moving the Liberty Bell from Independence Hall. This series also includes a considerable number of building and construction plans and architectural drawings.

A. SUBSERIES A: INDEPENDENCE NATIONAL HISTORICAL PARK HISTORY FILES (H14), 1973-1995

This subseries contains records of visitations, special events (dedications, anniversaries, etc.), and significant public contacts and catastrophes. The records are in the form of internal and external correspondence, and reports. Record code H1415 contains legislative histories of INDE, and record code H1417 contains administrative history materials of the Park.

B. SUBSERIES B: BIOGRAPHICAL DATA AND SPECIAL COLLECTIONS FILES (H18), 1973-1998

This subseries contains articles, correspondence, park acquisitions, and internal reviews of the park service's Museum Handbook draft. Also included are short biographies (including George Washington, Thaddeus Kosciuszko, park superintendents, and National Park Service directors), a history of the park's historical portraits collection, nomenclature and museum cataloging information, and correspondence in connection with the 1987 "Constitutional Daybook" that was produced in celebration of the Constitution's Bicentennial.

C. SUBSERIES C: COLLECTIONS MANAGEMENT AND PRESERVATION FILES (H20), 1978-1989

This subseries contains records of the protection, security, storage conditions, preservation, management, and supervised use of park museum collections. These records are in the form of internal and external correspondence.

D. SUBSERIES D: CULTURAL RESOURCES STUDIES AND RESEARCH FILES (H22) AND RECORDS OF EXTERNAL ARCHEOLOGICAL AND HISTORICAL DATA RECOVERY PROGRAMS (H24), 1955-1999

This subseries contains records of assessments, correspondence in connection with the "1787 Constitution Daybook," cultural and historical resource studies, archeological evaluations, and historic structures reports. H2215 contains National Park Service Areas and H2217 contains special studies, including 18 Columbia University Oral History Project oral histories, and the Syng Inkstand Task Force file. The records are in the form of internal and external correspondence, drawings and plans, and reports.

H24 consists of one folder containing internal and external correspondence.

E. SUBSERIES E: REPORTS AND RELATED CORRESPONDENCE (H26), 1957-1998

This subseries contains annual, monthly, quarterly, and semi-annual reports; including incident reports, environmental studies, museum reports, and the report on the 1957 exploratory excavation in the John Wagner building. In addition this subseries contains internal and external correspondence.

F. SUBSERIES F: HISTORIC SITES AND STRUCTURES MANAGEMENT AND PRESERVATION FILES (H30), 1936-2000 AND UNDATED

This subseries contains records created by park personnel in the supervision and performance of preservation and rehabilitation of the grounds, objects and historic sites and structures administered by the park. These records are in the form of extensive correspondence, clippings, directives, and historic resource studies and reports, some with photographs. Also included are proposals by outside entities such as the Advisory Council on Historic Preservation, the Friends of Independence National Historical Park, the City of Philadelphia, and others involved in work that affected park access, boundaries, sightlines, and structures. There are a considerable number of drawings and plans in this subseries.

Specific issues include accessibility, authenticity research, lease of the Bond House as a bed and breakfast and of City Tavern as a restaurant, fire and safety, furnishings, legal and regulatory compliance, the Liberty Bell, lighting, the military museum, and the portrait gallery.

NOTE: Due to some inconsistencies in coding, similar documents of interest may be found in D18 and D62.

G. SUBSERIES G: NATIONAL REGISTER OF HISTORIC PLACES FILES (H32), NATIONAL SURVEY OF HISTORIC SITES AND BUILDINGS (NATIONAL HISTORIC LANDMARKS) (H34) AND HISTORIC PRESERVATION GRANTS-IN-AID RECORDS (H36), 1957-1995

This subseries documents the process of proposing and documenting properties designated under authority of the Historic Sites Act. It includes information about sites local to, but outside, the park. The First Bank of the U.S. and Second Bank of the U.S., Christ Church, Carpenters' Hall, and Independence Hall are among some of the properties mentioned in these files.

NOTE: H32 files were integrated into this subseries due to the close relationship of the materials.

H. SUBSERIES H: HISTORIC PRESERVATION PROGRAM OVERVIEW FILES (H42), 1977-1995

This subseries documents NPS policies, standards, and procedure updates used in managing operations in accordance with historic preservation legislation. The materials consist of correspondence, compliance reviews, and meeting notes.
